GENERAL MAINTENANCE

1. Players must sweep the courts and lines after play. Only adults and children ages twelve and older should perform maintenance on the courts to avoid damage to the courts.
2. Routine maintenance will be performed throughout the season. This includes spreading calcium, rolling the courts, court repairs, irrigation, and weed control. Players must be understanding of these and other maintenance procedures.

USE OF WET COURTS

1. Please use your common sense when using the courts after a rain. Do not use the courts if they are visibly wet, if there are puddles, or if you leave footprints due to their softness. If you play when the courts are too wet, it can seriously damage the courts, and risk injury to the players.
